PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Rardin Is Elected Secretary Of NACO Roads Committee

County Commission Vice Chairman Paul Rardin has been accorded a new honor in the National Association of County Officials with his election as secretary of the Association's committee on roads and highways.

Rardin's election to the national office came at the annual mid-winter conference of the Association last week in New York. He was already a member of the committee.

The Canal Point commissioner said the roads and highways committee worked out details for a Congressional resolution which is expected to lead the way for adoption of a national multi-billion dollar road building program by-passed in the last session of Congress. Rardin said his committee believes it has worked out all the features of the bill to which the U. S. Senate had objected and that a plan of financing the road program offered by the Association, will be acceptable.

The County Commission Monday took official notice of Rardin's selection as committee secretary, a post which the board described as "one of the most important in the Association."

Among attending Elk dignitaries introduced were W. A. Wall of West Palm Beach, a member of the BPOE Board of Grand Trustees and a past district deputy grand exalted ruler; Pat LeMoine of Fort Myers, Robert J. Skanes of Lake Worth and A. E. Mrs. Canipe Heads Mental Health Group

Mrs. Clyde A. Canipe is chairman of the fund-raising drive of the Palm Beach County Mental Health Association in the Pahokee area, the theme of this year's campaign, which ends Nov. 28, being "Build Mental Health—Fight Mental Illness." The money received in the drive, both as contributions and as membership fees, will be used for research legislation, education and the new guidance center in West Palm Beach.

Welfare Aid Goes To Many In County

Miss Ruth Schad, District 10 director of the State Public Welfare Department, was guest speaker at a program meeting of the Pahokee Business and Professional Woman's Club held at the home of Mrs. Elsie Sims with Miss Bette Pickett, president, presiding.

Introduced by Mrs. Doris Sasser, past president of the Pahokee Club who represents the Glades area as a District 10 Board member, the speaker said the state and federal welfare benefits issued to residents of Palm Beach County in October totaled \$101,146, while the total grants for the year in welfare work in the County will be around \$1,250,000.

In the Glades area of the County alone during October old age assistance was granted to 95 white persons and 175 colored; aid was given to one white blind person and 12 colored and to 28 white families involving 78 underprivileged children and to 113 colored families involving 459 underprivileged children, she said.

Also introduced were Miss Phyllis Roe, District 10 case supervisor, and Mrs. Mildred Schoepel of Pahokee, Glades welfare case worker, who told how the County welfare work ties in with that of the State.

Hospital Bosses Honor The Reels

Members of the Northwestern Palm Beach County Public Hospital Board held an outdoor party and picnic supper in the patio at the home of Mr. and Mrs. William O. (Bill) Moss Tuesday night, honoring Mr. and Mrs. Jesse W. Reel and R. L. Klezdek. Mr. Reel, who recently resigned as administrator of the Everglades Memorial Hospital, is leaving this weekend for Mrs. Reel and son, Jesse, Jr., for Franklin, Va., where he has accepted the position of administrator of the Ralston Memorial Hospital and where they will make their home. Mr. Klezdek, who is succeeding Reel as administrator of the Everglades Memorial, comes to Pahokee from Norfolk, Va.

In addition to board members and their wives, former members who served on the hospital board during Mr. Reel's administration attended the supper party. Present were Mr. and Mrs. Albert Fremd, Mr. and Mrs. A. R. Harrington, Mr. and Mrs. W. O. Moss, Mr. and Mrs. Robert Apelgren, Jess M. Elliott, Mr. and Mrs. Ralph O. Johnson, Mr. and Mrs. M. P. Stanney, Mr. and Mrs. Robert O. Schroeder and Mr. and Mrs. Frank Friend.

State Road 80 Will Get A Retread Job

County Commissioners returning from a meeting on Tuesday with State Road Board Chairman Wilbur Jones in Fort Lauderdale were encouraged over the prospect of immediate reconditioning of SR80 from Six Mile Bridge through Belle Glade and South Bay to the Hendry County Line. The cross-state highway not only carries hundreds of cars daily from West Palm Beach to the Glades and west coast of the state but thousands and thousands of packages of vegetables roll to market over the highway in the Belle Glade-South Bay area.

County Commission Vice Chairman Paul Rardin said that State Representative Emmett S. Roberts of Belle Glade accompanied the board to the Lauderdale meeting and cited SRD Chairman Jones to the urgent need of the board's immediate action to SR80. Rardin said that request was made by the County Commission for work on the highway in last year's budget of the road department, but it was eliminated when funds were unavailable for nothing more than the top priority work of four-laning US 1 on the east coast.

Rardin pointed out that the highway will be reconstructed between Belle Glade and Six Mile Bend with

Council Aids FFA To Buy 30 Calves

The Agricultural Advisory Council for the Pahokee High School Agricultural Department and FFA Chapter met Monday night with Principal Clyde A. Canipe and Agricultural Instructor Loren E. O'Neal, Jr., to discuss current needs and problems within the department.

The Council agreed to assist in obtaining approximately 30 calves needed for individual beef-raising projects by FFA Chapter members.

The group also agreed to help in getting the chapter land plowed and in shape for the planting of a winter crop of vegetables. The chapter has 15 acres of land in Pahokee and Canal Point available for vegetable-growing projects. Of this five acres will be used for a cooperative chapter project and ten acres for individual FFA member projects. Upon recommendation by the Council the fence around the 10-acre plot at Canal Point, formerly used as a pasture, has been removed to facilitate access to the land in the growing and harvesting of crops.

The Council approved Pahokee FFA Chapter plans for participating in the annual Everglades FFA chapter project and ten acres for individual FFA member projects and entering the contest sponsored by the Florida Council of Farm Cooperatives.

Council members attending were William S. Plummer, chairman; O. E. McClure, vice chairman; Jess Elliott, secretary; Duncan Padgett, Jack Spencer and J. F. Waddell.

The Rev. E. William Palmer of Canal Point spent Thanksgiving with his mother, Mrs. W. J. Palmer, and sister, Dr. Mary Lee Palmer, at Haines City.

Reel Family Leaves For Franklin, Va.

Mr. and Mrs. Jesse W. Reel and son, Jesse, Jr., are leaving this weekend from Pahokee, where they have made their home for more than a year while Mr. Reel served as administrator of the Everglades Memorial Hospital, to Franklin, Va., where he will assume his new duties as administrator of the Ralston Memorial Hospital. The Reels during their stay here made many friends who regret their departure and wish them well.

New Green Hands Given Initiation

Twenty-nine new Green Hand members were initiated into the Pahokee Chapter, Future Farmers of America, at an FFA meeting in the agricultural building on the Pahokee High School campus with President Val Galbaldon presiding.

The standard initiation ceremony, as set up by the national and state FFA organizations, was used by President Galbaldon and his staff of officers who were assisted by Loren E. O'Neal, Jr., chapter advisor. Prior to the meeting, however, the Green Hand candidates were required to attend one day of school with one hand colored green and with an onion dangling from a string around their necks. All were required to take part in the Green Hand sack race and those who failed to hobble through the 50-yard race standing up all the way were required to take a bite of onion.

It was reported eight grade calves were purchased recently from O. B. McClure for use in individual FFA projects. The calves, weighing between 150 and 200 pounds each, will be cared for until they are grown to animals of 500 to 600 pounds and ready for marketing, the FFA boys in charge to keep complete records relating to the raising of the animals.

Henry Earwood Addresses Lions

Henry O. Earwood of Belle Glade, vice chairman of the Palm Beach County Board of Public Instruction, was guest speaker at the dinner meeting of the Canal Point Lions Club held in the Community Hall Monday night with President Alton W. Jones presiding.

Introduced by Carl Crawford, principal of Canal Point School, the speaker told of the tremendous problems faced by the County School Board because the population is increasing faster than new school classrooms and other educational facilities can be built to take care of the increase. He also reviewed County school projects that were complete during the past year, others now under construction and still others being planned for the future by the Board.

A report on the recent Lions Zone 1, Region 2 meeting held in Canal Point was given by Osceola Uthegrove, zone chairman.

Mr. and Mrs. Robert O. Walker have as holiday guests their son-in-law and daughter, Mr. and Mrs. Johnny O. Schlechter of Gainesville.

Pahokee Defeats Belle Glade 27-7 In Annual Game

In racking up a 27-7 victory over Belle Glade Rams Wednesday night the Pahokee Blue Devils retained possession of the Lion's Bill Young Memorial Trophy for the third consecutive year and became runner-up in the Suncoast Conference final standings, a notch lower than the Fort Pierce Eagles who won the conference crown in downing the Vero Beach Indians, 13-6, Thursday.

Coach Webb Fell's charging 1955 Blue Devil squad was again the surprise team of the season, confounding conference prophets who had, before the season started, reserved a snug little berth in the conference cellar for them. The only time they really faltered during the season was at Okeechobee where overconfidence and dissension among members of the team helped the Brahmas eke out at 7-6 win. Through virtue of their 14-7 win over Clewiston in the opener, the Blue Devils became Glades champions Wednesday night even while abdicating the conference crown to the Eagles.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission Monday admitted that someone has come up with an effective idea to slow down speeding motorists but the board is wondering what its legal status is, when someone complains about the system.

The idea, according to Commissioner Lake Loyal, is that the road builder includes a series of asphalt humps in the road when the highway is constructed.

Loyal added that he has received a number of complaints from motorists with the request that county crews be put to work to smooth out the road bed.

The commission, which has been

faced with the problem of policing speeders along sub division streets, agreed the bumps have proven to be "the only way to stop speeders."

"They pay attention to the bumps," Loyal said, "especially the first one."

Since the county has no jurisdiction over privately owned sub division streets, the commission asked its attorney to check the status to determine if the board had any other kind of authority that might be applied to the bumpy roads.

Commissioner Roy Michael, Lake Worth, said the commission, in answer to many requests from home owners, had succeeded in getting good cooperation from law enforcement officers in curbing speeders.

Michael won support of the commission for his suggestion of having the county attorney confer with other county commissions which have set up legislative authority for setting speed limits in sub divisions. Palm Beach County Michael said, has no authority for establishing speed limits on private roads in rural areas.

The county commission Monday took steps to force garbage collectors to cover their trucks and voted to give collectors another week to work out a working agreement with the county.

In connection with covering garbage trucks, Commissioner Lake Loyal and Kenneth Foster won approval for their motion to give collectors two weeks to get covers for their trucks and if the collectors haven't complied with the order by that time, then they will no longer be allowed to use county garbage pits as disposal areas.

Loyal said collectors had been warned in the past about keeping trucks covered to avoid spillage,

but have given little heed to the request.

Commissioner Foster won support for his motion to give the collectors another week to draft a proposed operating agreement. If the agreement is not ready next week, the board voted, then the commission will start issuing its own operating permits along with a set of regulations to meet health and sanitation standards.

In another action this week, the board voted commendation to the Palm Beach Post-Times and reporter Johnathon Koontz for a series of articles dealing with the problems of rural garbage and trash collections.

The board also:

Voted to purchase a triangle of land at Canal Point from U. S. Sugar Company and to add the land to the county park system.

Commented the West Palm Beach Jaycees for the club's program of notifying voters of the change in some city and county voting precincts and new polling places.

Adopted a resolution authorizing the State Road Department to start a comprehensive traffic survey for the county.

Mr. and Mrs. A. H. Scruggs had as guests at their home in Canal Point over the weekend his brother-in-law and sister, Mr. and Mrs. Reeves Suber of Houston, Texas; also their son-in-law and daughter, Mr. and Mrs. Calvin Padgett, and another daughter, Miss Carolyn Scruggs, all students at the University of Florida, Gainesville. A reunion of the Scruggs family was held Sunday at the home of Mr. and Mrs. Sam Scruggs, Sr., at Runyon.

Pahokee Lions Hear About Thanksgiving

James W. Vann, executive director of the Pahokee Housing Authority, gave a talk on "Thanksgiving" at the Tuesday luncheon meeting of the Pahokee Lions Club. He was introduced by President Clyde A. Canipe.

At the session of the executive board following the luncheon plans were discussed for the annual Lions football banquet for the high school football squads of the Glades area. Melvin Spooner and Duncan Padgett are on the committee to work with committees from other Lions Clubs of the Glades in making arrangements for the banquet, the time and place to be set later.

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,860.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Now even better! Invest more in Savings Bonds!

Cinematic Chatter

By Malcolm Millar

Hello everybody! There isn't anyone in Hollywood who gets as wide a diversity of fan mail as Richard Carlson. This young man gets an average of 750 to 1000 letters per week from his television show, "Led Three Lives." He gets approximately 500 letters a week from movie fans who never see him on the screen. He gets from 10 to 20 letters a week from movie fans who have seen his name as the director of such pictures as "Four Guns To The Border." He gets an average of 100 letters a week from people who are interested in his writing whenever one of his novels or short stories appears in a magazine. Between scenes when on the set or out on location he spends considerable time with his secretary going over his voluminous mail. In a general sort of way he says his mail breaks down in this fashion. The TV show, "I Led Three Lives," elicits 96 per cent lauding him as a patriot, while left-wingers condemn or censor him in 4 per cent of this mail. His movie fan mail complains because he so seldom wins the girl. In the mail which refers to his directing, the writers generally are curious about technical questions and dramatic students ask questions about his work. The fan letters he gets about stories he has written carry a high moral tone. A story he once wrote about his own children brought him more fan mail than any story or article he has written. "Fan mail is a wonderful guide to me," says Carlson. "I get the human reactions to my work in all mediums and this provides me with a very valuable understanding of what audiences like to see and hear and read." See you at the movies—Mal.

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest at current income, ask your bank about Series H Bonds, which pay interest semi-annually by Treasury check.

an additional 6 inches of new rock being added before a plant mix top is put on. The 19.1 mile stretch from Belle Glade through South Bay to the Hendry County line will be given another retread job in which hot plant mix will be used to bring the surface of the road back to normal.

The topic of Brown's Farm road was brought before the road board chairman and the county board made efforts to have something done about it at once. Mr. Jones pointed out that this particular piece of road will have to be returned to a secondary road class and said: "Under no stretch of the imagination can Brown's Farm road qualify for the primary system. I want you to face the facts now instead of later. I don't believe it would even qualify under the old code and I know it cannot under the new State Road Code."

Mr. Jones' statement doesn't mean that the road department will quit maintaining Brown's Farm road—it merely means that it will take another status in the department's categorical list of highways and will not receive preferential treatment as do primary system roads.

City Councilman Marvin Unwin of Belle Glade accompanied Rep. Roberts, Commissioners Sundry, Rardin, Lytal, Foster, Michael and County Engineer Steve Middleton to the meeting.

This time the damage to station was estimated at \$1,000 and to the car, \$1,200, by Patrolman Bill Hilton and Cpl. John Hicks of the FHP who investigated.

Moss, who with two companions was taken to the Everglades Memorial Hospital for treatment of an assortment of injuries, was charged with reckless driving and failure to have a motor vehicle under control.

Pahokee's fine Halfback Pat Turbeville ran one TD through from the Rams' three and also made an extra point with a line plunge. Richard Week's line plunge and a jump pass from Parker to Clark accounted for the other two extra points made by Pahokee. Halfback Leon Burkett made both the Rams' TD and extra point near the end of the game after Earl Meredith and Max Beverly, both of whom were tops in the Blue Devil defense, were taken out with injuries. Meredith, who was kicked back of the leg, is receiving treatment at the Everglades Memorial Hospital for a broken blood vessel and a badly hurt knee.

The Blue Devils' first string tackle, Ronnie Hitchcock, unable to play in the Belle Glade game because of a leg infection, is also receiving treatment at the local hospital.
